## PROJECT FILE

October 11

**FAST FIT TEMPORARY HOARDING SYSTEMS**

**Location:** Reading Station, Reading

**Client:** Network Rail

**Project:** Railside hoarding

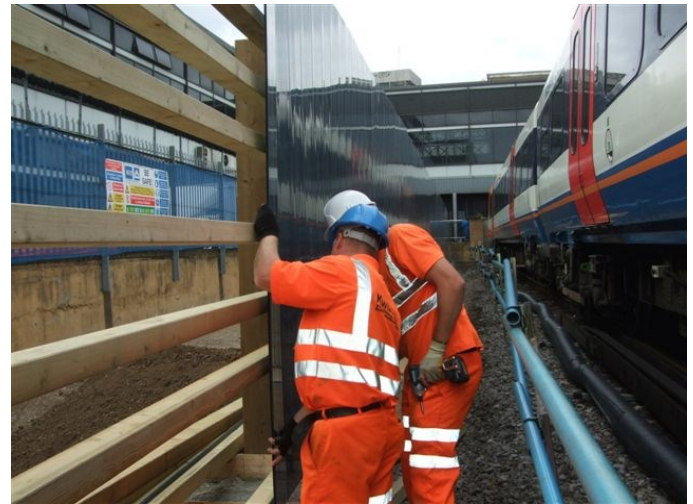

**Main Contractor:** Costain/Hochtief

**System:** K-K *Ultraspan* 500mm

**Duration:** 9 months

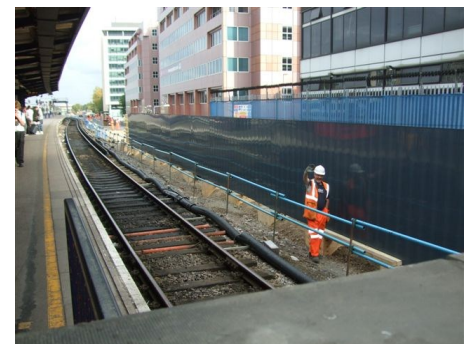

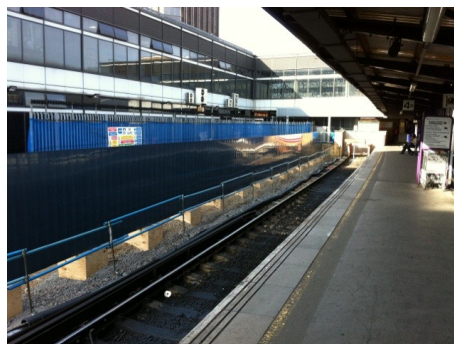

View from platform 4 of the finished hoarding.

Work begins installing the K-K Ultraspan panels.

Network Rail R-11 specified Hoarding Systems with timber frame facilitates piling works near Platform 4.

Reading Station is just one of the mainline stations being upgraded in a national programme.

NO PAINT. NO JAGGED EDGES. NO DAMAGE. NO DELAY. NO HASSLE.
